

Does your dog like wearing your retainer too??

Join our Lifetime Retainer Program!

We want to do everything we can to make sure your smile looks just as amazing as it did when you walked out of your removal appointment, that's why we give you a retainer when you're all done!

Unfortunately sometimes things happen to our retainers, they get lost, broken and sometimes even stolen by our furry friends! That's why we're offering our patients a life time retainer program. You can break, smash, bite, or loose your retainer up to four times every year and we'll replace it with no extra charge to you!

Our retainer program costs a one time fee of \$850.00 *, that one time fee gets you up to 4 retainers made a year for broken or lost retainers (We will require the model of your teeth you receive at your removal appointment). If something happens to your retainer make an appointment with us to get it replaced as soon as possible.

- Yes! I'd love to share my retainer with Lily!
- No thank you.

Patient Name: _____

I agree to enroll myself, or my child in the Life Time Retainer Program and agree to pay a total fee of \$850.00. I agree to the payment plan selected below.

- One time payment of \$850.00, to be paid
